

# **SRA's DiPentima Invited to Serve on Brocade Board**

## **For Immediate Release**

**Washington, D.C.** — Evan Scott Group International, a retained executive search firm specializing in senior-level searches for federal contractors, announced that Renato A. DiPentima, President and Chief Executive Officer of SRA International, Inc., has been asked to serve on the Brocade Board of Directors. ESGI recruited DiPentima to serve on the Board of CNT, which was purchased by Brocade.

Dr. DiPentima has served as CEO of SRA since January 2005 and president since November 2003. SRA, with more than \$1 billion in annual revenue, is a leading provider of information technology services and solutions to clients in national security, civil government, and health care and public health.

Prior to joining SRA in July, 1995, Dr. DiPentima was the Social Security Administration's CIO and Deputy Commissioner for Systems. He was responsible for overseeing and managing all of the agency's information processing and data and voice communication systems with a staff of more than 3,000 technical professionals. He served more than 30 years in the federal government.

Brocade provides networked storage solutions that help government agencies and other organizations connect, share, and manage their information.

"It is very rare to find someone of Dr. DePentima's knowledge and skills in both government and industry," said Evan Scott, president and founder of ESGI. "He will be a tremendous asset in helping Brocade continue to expand its networked storage business."

## **About ESGI**

Established in 2000, Evan Scott Group International is a retained executive search firm helping clients recruit executive talent that understands the complexities of selling products and services to the federal government. ESGI clients, which include both large integrators and private and public technology firms, rely on ESGI to conduct comprehensive, confidential searches to help them secure the best available talent for senior-level openings. ESGI is located in Washington, D.C., and Philadelphia, Pa.
