

ESGI Completes Board Search for SRA International

For Immediate Release

Washington, D.C. — Evan Scott Group International, a retained executive search firm specializing in senior-level searches for federal contractors, announced that it has helped SRA International hire Gen. Larry R. Ellis (U.S. Army, retired) for the company's Board of Directors.

General Ellis served in the Army for over 35 years, and retired in July 2004 as Commanding General of the United States Army Forces Command. Ellis also is President and CEO of DHB Industries, Inc., as well as a member of the DHB Board of Directors.

ESGI was tapped by SRA to identify and help bring to the company the best candidate to serve on the Board of Directors and provide strategic guidance to SRA senior management. General Ellis brings a wealth of experience and knowledge to SRA International, a leading provider of information technology and consulting services to the government.

“We are pleased that we could assist SRA International in bringing someone with such high-level skills and expertise in the defense industry,” said Evan Scott, president and founder of ESGI. “General Ellis will make an immediate and positive impact on SRA’s Board.”
